Sister Emeline

I received your
letter dated Oct. 20th only
a few days ago or I should
have answered it before
but you directed it to Hayes
town and we left there
just about the time it
would have got there

The boy came all right
and quickly too and every-
thing in it seemed to be
just the thing I wanted.

I wrote to Jefferson some
after you wrote me you
had heard from him and
urged him to come home
but he will not want to come
till he has got his pile I
suppose
